

Competency Based Questions
STD XII - CHEMISTRY

Topic	Question Number	Remarks
Solutions		Checked
Electrochemistry		Checked
Chemical Kinetics		Checked
d and f block elements		Checked
Coordination Compounds	1(1) & 3 Case based questions 1 & 3 2	Same concept Not mentioned in the textbook. Direct question
Haloalkanes and haloarenes	(Second set of questions) 2 3R 5,6,7	Wrong representation of equation. Reason statement is not correct Answers not given
Alcohols , Phenols and Ethers	1,2 Case -based questions 2,3	Options are not given for Assertion - Reason Questions Very direct question
	Ethers 2 4(1)	Answer given is wrong Very Direct question
Aldehydes, Ketones and Carboxylic acids	Last questions (i) and (ii) Case based questions - (i),(ii),(iii),(iv) (v)	Options are not given for Assertion - Reason questions Direct Questions all the 5 questions are similar

	Carboxylic acids - 4	Answer given is wrong Question has to be restructured
Amines	Assertion - Reason Que-1 Case -based questions 1,2,3,4	Options are not given for Assertion - Reason questions Not included in the syllabus All the 4 questions are similar and are direct questions
Biomolecules		Options are not given for Assertion - Reason questions All the questions are very direct questions Answers are not given
	2 3 or question 5 (A-R) 5	Very Direct Question is wrong Direct Question Reason statement is wrong.
